BOERS IN ACTION

Their Formidable Forces Closing Around Ladysmith.

HEAVY GUNS BEING MOUNTED

Attack Was Momentarily Expected When Latest Dispatch Was Sent.

EXECUTION BOUND TO BE TERRIFIC.

British Troops Strongly Entrenched and Full of Confidence—Particulars of Capture of Brave but Rash Eighteenth Hussars.

Ladysmith, Oct. 30.—The Boers are gradually closing around Ladysmith. They have mounted two big guns on Tinta Ingoni, 4,500 yards from the British camp. An attack is expected. The Boers have been seen dragging heavy artillery up Tinta Ingoni. It is expected that they will adopt tactics similar to those they pursued at Dundee, demonstrating in one direction while attacking in another.

The British intelligence department is completely informed regarding the Boer plans. The enemy have planted two guns, said to be those used in shelling Dundee, on a Kopje, two and a half miles away, in the direction of Elands-laagte.

Bombardment of Mafeking.
Cape Town, Oct. 30.—A dispatch from Mafeking, dated Oct. 23, says: "A bombardment of the city was commenced by the Boers at 7:40 o'clock this morning from a range of two miles and a half miles, by a battery of three Krupp guns, throwing seven, nine and 12 pound explosion shells.

"At the beginning the marksmanship was erratic, but ultimately the gunners got the range and sent a number of shells into the town.

"Comparatively little damage was done. A convent, which had been converted into a hospital, was the chief sufferer, three of the shells striking the building. The ammunition used by the Boers was apparently of an inferior quality. There were no casualties.

"The British returned only one shot, which being well directed, disabled one of the enemy's guns.

"After three hours the Boers sent an envoy to ask if the town was prepared to surrender. Colonel Baden-Powell replied in the negative, but the shelling of the town was not resumed."

A latter dispatch from Mafeking, dated Oct. 24, says:

"The Boers are in possession of the waterworks and have cut off the supply. This occasions no anxiety, because ample supplies are available in tanks and wells.

"During a sortie the British encountered the enemy three miles off to the north. The Boers had apparently been warned, and returned our fire in earnest, with a well-handled machine gun. As our men had no intention of pressing an attack, they retired immediately.

"Commander Sydney Webb was severely wounded, and left behind during the retreat, but was afterward rescued by Trooper Stevens. The conduct of our men was splendid. The enemy's loss could not be ascertained."

Thanked the Boers.

Durban, Oct. 30.—It is officially announced that Major Donegan, at Glencoe has wired to the Transvaal state secretary, F. W. Reitz, at Pretoria, an expression of thanks on behalf of all the British officers and men in the hospital at Glencoe for the extreme kindness shown them by the Boer officers and men. The announcement adds that the wounded are doing well, and that none of the officers is likely to die. All the flags are at half-mast in mourning for the death of Sir William Penn Symonds.

Capture of the Hussars.

Durban, Oct. 30.—The following official account of the capture of the squadron of the Eighteenth Hussars by the Boers is given by Captain Hardy:

"After the battle at Glencoe three squadrons of the Eighteenth Hussars, with a maxim, a company of the Dublin fusiliers and a detachment of mounted infantry, Colonel Moeller commanding, kept under cover of a ridge north of the camp, and at 6:30 p. m. moved down toward Sandspuit. On reaching the open the British force was shelled by the enemy, but

without casualties. Colonel Moeller led his men round Talana hill in a southeasterly direction, across Vants Drift, captured several Boers and saw the Boer ambulances retreating. Then, with squadron B of the Hussars, the maxim and the mounted infantry, he crossed the Dundee-Vryheid railway and approached a strong force of the enemy, who opened a hot fire, wounding Lieutenant Lachlan.

"Our cavalry retreated across Vants Drift, the Boers pressing. Colonel Moeller held the ridge for some time, but on the enemy enveloping his right, he fell back across the Spruit. The maxim stuck in a water hole. Lieutenant Cape was wounded, three of the detachment were killed and the horses of Major Greville and Captain Pollock were shot under them.

"The force finally reformed on a ridge to the north, which was held for some time. While Captain Hardy was attending Lieutenant Crum, who had been wounded, Colonel Moeller's force retired into a defile, apparently intending to return to Camp Impati mountains, but it was not seen afterward."

German Corps Reorganized.

Pretoria, Oct. 30.—The German corps, which suffered severely in the fighting at Elands-laagte, was reorganized and filled up to its original strength of 600. Captain Van Alderbyl commanding. The German consul has notified the Transvaal government that the German Red Cross society has offered the Transvaal a full detachment. The government will accept the offer.

Boers' Loss.

Cape Town, Oct. 30.—A dispatch to the South American News from Pretoria says the Boer loss at Elands-laagte was 36 killed and 64 wounded.

Church Property Taxable.

Milwaukee, Oct. 30.—A recent decision of the supreme court in the suit brought by Archbishop Katzer for the purpose of securing a return of taxes assessed against property owned by him, which he claimed was church property held in trust, has brought about a radical change. According to the decision, property, even when held in trust by the archbishop, is subject to taxation. As it has been their custom for all the property in the diocese to be held by the archbishop who, on his death, wills it to his successor, it is readily seen what the decision would mean.

Burdell's Circular.

Washington, Oct. 30.—A long official statement reviewing the legal phases of the political assessment question and holding that the soliciting of campaign funds by letter comes clearly within the remedial provisions of the civil service law was made public by the civil service commission. The commission made the statement because of circulars sent out by W. F. Burdell, as treasurer of the finance committee of the Ohio Republican state executive committee, soliciting contributions from federal employees.

Crime a Disease.

Indianapolis, Oct. 30.—The Rev. J. A. Milburn, in his sermon upon prison reform, took the position that all first offenders should go free except in cases of murder, and should not be ridden in the patrol wagon. Justice courts, he holds, should be open night and day for immediate hearing, crime being a disease. For second offenses sentence should be imposed under the indeterminate law and prisons should be graded as advanced ideas are in line of reform rather than of punishment.

Coal Famine.

Huron, S. D., Oct. 30.—A coal famine is threatened in this part of the state. There is already a shortage of 200,000 tons and wholesale dealers find it almost impossible to get their orders filled. One reason for the shortage is the fact that it is nearly impossible to get cars, owing to the heavy business being transacted by the roads.

Russia's New Boat.

Philadelphia, Oct. 30.—The Russian cruiser Varlag, which is designed to be the fastest armored vessel of her class ever constructed by the Cramp shipbuilding firm, will be launched on Tuesday, with unusual display. Prominent Russian naval attaches and government officials are expected at the christening.

Midhat Pasha's Son Escapes.

Berlin, Oct. 30.—A Constantinople telegram to the Tageblatt states that the son of Midhat Pasha, who, since his father's death, has lived as a state prisoner in a Dervish monastery at Smyrna, escaped a short time ago.

Ordered to New York.

Washington, Oct. 30.—The Forty-seventh volunteer infantry now at Camp Meade has been ordered to proceed to New York city Nov. 4 and there embark for the Philippine islands in the transport Thomas.

DECLARED OFF

Is the Strike of Miners in the New River District.

Charleston, W. Va., Oct. 30.—The strike of coal miners in the New River district has been officially declared off. The strike started six weeks ago for an advance of 5 cents a ton. The advance was granted by only 13 of 45 mines in the field. It is not thought the district will be fully at work again before January, as many miners have left during the strike for the west.

Three Men Killed.

Carlinville, Ill., Oct. 30.—Three men were killed on the Jacksonville and St. Louis railroad between Barnett and Atwater, Macoupin county. James Bryant, foreman; John Norvell, George Cramer and Samuel Allen, members of a Quincy, Carrollton and St. Louis section crew were on their way from Barnett to Atwater to secure the services of a physician for a friend. The men were in the employ of another road, but took chances in running over the Jacksonville and St. Louis railway to fulfill their errand of mercy when they were run down by a passenger train. Bryant escaped by jumping.

Jester Arraigned.

Paris, Mo., Oct. 30.—Alexander Jester, who was indicted on Tuesday for the murder of Gilbert Gates in 1871, was formally arraigned in the circuit court. He entered a plea of not guilty and in the presence of the court signed an affidavit charging persecution against him in Monroe and Marion counties and asking for change of venue. The trial was set for arguing this application in November. The defense asked that Jester be dismissed from custody on the ground that the circuit court of Monroe has no jurisdiction in the case. Judge Eby took the motions under advisement.

New Incorporations.

Columbus, O., Oct. 30.—The Greentown Hall company, Greentown; the Taylor, Lee and Smith company, East Liverpool, capital stock \$200,000; the Blast Furnace Fire Brick company, Sciotoville, capital stock \$10,000; the Oriental club, Lima; The Clarksville Telephone and Telegraph company, Clarksville, capital stock \$1,000; the Up River Yacht club, Toledo, capital stock \$2,000; the Barborton, Dayton; town and Massillon Electric Railway company, Dayton, capital stock \$50,000.

A Notable Wedding.

London, Oct. 30.—The marriage of Princess Marguerite of Orleans to her cousin, Prince Jean of Orleans, Oct. 30, at Kingston, will bring together several royalties, among them Princess Waldemar of Denmark, the bridegroom's sister, and perhaps the Prince of Joinville, grandfather of the bride, who is 81 years old. It is reported that the Duke of Orleans wishes the wedding to be as quiet as possible because he "cannot be festive when so many of my friends are in prison."

General Lacroix Declines.

Havana, Oct. 30.—General Lacroix, the former Cuban commander, has been offered the post of inspector of prisons and police by Senor Capote, head of the department of the government, at a salary of \$200 per month. Lacroix replied that he was very grateful for the offer, but that he could not accept a position in which he would have to take the oath of fidelity in spite of the fact that he badly needed the money which the acceptance of the place would bring to him.

Labor Not Benefited.

Lodon, Oct. 30.—The conditions of labor in England have not been improved by the war. About 2,000 Welsh miners are likely to be thrown out of work Nov. 1 by a threatened strike of the surface engineers and other mechanics who are claiming shorter hours. The negotiations on the subject have failed and the surface men announce that the strike will begin on the date mentioned. It will then be practically impossible for the miners to continue underground.

Soldiers and Coffins.

New York, Oct. 30.—Secretary Root of the war department, accompanied by army officers, made a visit of inspection to the transport Thomas, lying at the government dock in Brooklyn and which came here a few days ago from the Cramps of Philadelphia. The vessel sails Nov. 4 for Manila with the Forty-Seventh regiment now at Camp Meade. There are 1,306 men in the regiment commanded by Colonel Walter Howe. Among the vessel's supplies are 200 coffins.

Bills Restricted.

London, Oct. 30.—The Exchange Telegraph company has a dispatch from Allahabad, saying that the famine expenditure has compelled the Indian government to suspend telegraphic transfers and restrict council bills.

LOST HIS SUIT.

Verdict of Not Guilty Rendered in Railroad Blacklisting Case.

Chicago, Oct. 30.—A verdict of "not guilty" was returned by the jury in the suit of Joseph O'Day for \$50,000 damages against the Chicago and Northwestern Railway company for alleged blacklisting. The case was one of many filed against the various railroads affected by the American Railway union strike of 1894, and grew out of the alleged blacklisting agreement between the roads as a result of that strike.

For Oriental Trade.

Duluth, Oct. 30.—J. J. Hill has contracted in England for the construction of two immense steel steamships for the Transpacific trade between Seattle and Japan. It is stated a Clyde firm has the contract and that the ships will be monsters, 46 feet longer than the New Oceanic of the Atlantic each being 750 feet long and 20,000 tons burden. They can not be in service until late in 1901, and if the Pacific trade continues to expand they will not be out of place there. Reports also state that these two are but the first of a large fleet.

Can Reward Both.

Washington, Oct. 30.—By the death of General Guy V. Henry, the president has the appointment of another brigadier general in the regular army. He will thus be able to reward Major General Lawton and MacArthur at the same time. It is expected that the appointments will be made in the order named so that General Lawton will have precedence over General MacArthur. It is said at the war department, however, that no appointments for either the regular or volunteer army will be announced for several days.

General Young's Victory.

Washington, Oct. 29.—The war department received the following dispatch from General Otis at Manila: "Young struck insurgents at Santa Rosa, north of San Isidro. He routed them and captured some of their property. Casualties, two killed, one wounded. Evans, Sixth infantry, struck robber band Negroes on the 27th instant, killing 10, wounding many and capturing 28 prisoners. Simons, Sixth infantry, struck a small band, disarmed them, killing three. No casualties."

Had No Authority.

St. Louis, Oct. 30.—Colonel Nicholas M. Bell, ex-superintendent of the foreign mail service, returned from Washington. He said: "The story floating around to the effect that I had, by authority of some of the members of the National Democratic committee, tendered to Admiral Schley the nomination of the office of vice president of the United States is pure fabrication. The committee certainly has no such authority, individually or collectively. The convention will attend to that."

Made a Hunter Mad.

La Crosse, Wis., Oct. 30.—While a wedding party accompanying August Papernfus and Mary Janson, who were married at La Crosse, were going in a bus to their homes they drove by a marsh and evidently disturbed a hunter who, in his anger, fired his shotgun into the party. The driver was badly perforated but not seriously. Mrs. Milke received five shot in the forehead. Other members received slight flesh wounds. The hunter has not been apprehended.

Driscoll Knocked Out.

Paris, Oct. 30.—The fight for 25,000 francs between Charlemont, the French champion, and "Jerry" Driscoll, forerunner in a victory for the former. There was a great crowd present and the fight was very hot for six rounds. In the seventh round Driscoll was knocked out by a kick in the groin, the Frenchman being allowed to use his feet, in accordance with the French custom. The seats sold as high as \$40 each.

Award Against Colombia.

Luzanne, Switzerland, Oct. 30.—In addition to the award of upwards of 1,000,000 francs which Colombia has been ordered to pay Punchard, McTaggart, Lowther and company, engineers and contractors for public works, respecting the Medellin, Magdalena River railway, Colombia has also to bear 60 per cent. of the cost of arbitration and the engineers the balance. The award must be paid within six months.

Miners Are Interested.

Custer, S. D., Oct. 30.—Captain McClelland, company I, First South Dakota volunteers, brought back with him from the Philippines some silver ore given him by a native who said there was a large amount of it not 10 miles from Manila. The ore has been assayed and runs 1,400 ounces Black Hills miners are much interested and may send McClelland back to prospect.

TREATY WITH SPAIN.

Uncle Sam and the Once Proud Don Have Kissed and Made Up.

FEATURES OF THE NEW DOCUMENT.

Commerce, Navigation, Extradition and Other Relations Between Peaceful Nations Will Soon be Restored.

Washington, Oct. 30.—An understanding has been reached by which it is said that negotiations will be opened soon at Madrid for a new treaty between the United States and Spain. This will be the last step completely restoring the friendly relations between the two countries.

The war with Spain swept the old treaty out of existence, and the only international agreement now in existence is the peace treaty, which is confined to the events growing out of the war, has no reference to commerce, navigation, extradition and other manifold relations between nations in times of peace. The coming negotiations will be for the purpose of forming such a treaty of commerce, amity and friendship. The present condition is quite anomalous, as there is no basis on which persons could be extradited from one country to the other, or for the determination of any commercial difference which might arise. Fortunately there has been no case occasioning serious differences.

Both sides expect that the new treaty will be a great improvement on the old, which was an antiquated document, dating back to 1795, with many of its provisions devoted to the boundary between Florida, then a possession of Spain, and the United States.

It has been thought that the Duc D'Arcos would conduct these negotiations with the state department here, but the minister is rather relieved at the understanding that the work will be carried on at Madrid. The United States minister there, Mr. Bellamy Storer, will act for the United States.

Fire in a Theater.

Chicago, Oct. 30.—Fire broke out under the stairway leading to the gallery of the Columbia theater a few minutes previous to the beginning of the first act. Although the house was crowded no one was injured, and a panic, which followed the discovery of the fire, was quelled by the prompt action of the attaches of the house and the police. Flames were quenched.

Swept by a Hurricane.

Santiago de Cuba, Oct. 30.—After five days of continuous rainstorms a terrific hurricane from the southeast swept over Santiago, causing much destruction. Twelve houses were wrecked and others badly damaged. The unprecedented rainfall continues. Telegraph wires are down, and it is impossible for vessels to enter or leave the harbor.

Inspected the Troops.

Harrisburg, Pa., Oct. 30.—It was raining hard when Secretary of War Root, Adjutant General Corbin and their party arrived at Camp Meade, but the two regiments still here were reviewed notwithstanding, and went through their paces in good shape. Secretary Root also inspected the quarters, and was pleased with the showing of the two commands on the march and in quarters.

Swept a Block.

Philadelphia, Oct. 30.—The Triangular block, bounded by Canal and Second streets and Germantown avenue, was almost entirely destroyed by fire, entailing a loss of more than \$150,000, on which there is a partial insurance. The fire is supposed to have originated in warehouse of Wunderlich Brothers.

A New Revolution.

Caracas, Venezuela, Oct. 30.—General Hanandez has had a rupture with the government and left Caracas for Occumare to start a new revolution. He has 2,000 men. All the Liberals are supporting General Cipriano Castro. The situation is extremely critical.

Firemen Caught.

Kansas City, Oct. 30.—The sheep pens at the stockyards, covering an entire block, were destroyed by fire, 600 head of sheep being cremated. Four firemen were seriously injured by falling walls, and one of them, Charles Peterson, may die. Loss \$30,000.

St. Louis, Oct. 30.—Chief of Police Campbell applied to the prosecuting attorney for a warrant for the arrest of Charles H. Houghton, manager of the West End Athletic club, under whose auspices the McCoy-Stift and other matches were held at the Coliseum on the grounds that the contest were prize fights.

WEATHER FORECAST FOR KENTUCKY—Fair Monday and Tuesday; warmer Tuesday; variable winds.

Judge Pryor's Tribute to Senator Goebel.

In his speech at Owenton, Ex-Chief Justice Pryor said of William Goebel: "In moral character, devotion to duty, as a champion of the rights of the people, and in all that goes to make up a true citizen, William Goebel has no superior, and I am glad of this opportunity to testify in his behalf before a people by whom I myself have been honored many times in the last thirty years."

Which of Goebel's traducers who are stamping the State can get so excellent a certificate of character from a man of Judge Pryor's standing in Kentucky, inquires an exchange.

THE REPORT WAS FALSE.

Judge John B. Grider Has Not Declared Against Mr. Goebel.

BOWLING GREEN, Ky., Oct. 26.—In a speech at the court house to-night Judge John B. Grider denounced in unmeasured terms a story published in an evening organ at Louisville to the effect that he had abandoned Goebel and was ready to take the stump for Brown.

Judge Grider said that he was for Goebel from the very moment he announced his candidacy for the position of Governor; that he had been for him every moment of the time since, and that he was stronger for him to-night than he had been for any man on the State ticket in all his life.

Judge Grider was in his office within fifty feet of the court house all day today, and the truth could have been obtained if it had been desired. Judge Grider has made a number of speeches for Goebel and will continue to speak for him until the election is over.

A BEAUTIFUL WEDDING.

Marriage of Miss Mary Morgan Warder to Mr. James Francis Egan at Mayslick last Wednesday.

Since the fact became known that Miss Mary Morgan Warder, who, since her debut has been a conspicuous figure in our best county society, was really to be one of the brides hooked for October, local fashion has been on the qui vive and taken special interest in a consummation—not unlooked for—from the time her engagement to Mr. James Francis Egan, of Rock Island, Ill., a successful business man, with the added prestige of a writer.

So it was no marvel that in consequence of this eager anticipation the large and beautiful Christian Church edifice at Mayslick should have been crowded on Wednesday evening to the very doors. Such a magnet did this brilliantly beautiful wedding prove to be, and an assemblage where are gathered together so many fair women, honored and gallant men, pretty buds and graceful matrons, sitting under the inspiring strains of sweetest organ voluntaries and confronting a view of tropical luxuriance, is by no means a vision of such frequency that this lovely October evening, with all its beauty and interest, is likely to pass away as a dream of the night.

There was no lack of pleasant preparation for this beautiful event, most notable of which the charming post-nuptial reception given by Mrs. Finch at her Maplewood home on "wedding day eve" to the bridal party, attendants and ushers. Every department of this splendid home was made an Eden of beauty on this occasion, but each guest on entering the banquet room felt here the heights had been reached. The royal spread which graced this important department of the household was of course all that could be desired, both in serving and quality, but a scene of magnificence greeted the gaze as well. The table, with every available niche and corner included, was laden with the choicest flowers, pink and white strongly in evidence, from the rose and dahlia down to the frozen cream. Over the whole shone the resplendent lights, giving the last touch of "fairy land effect" to this ever-to-be-remembered function of interest and beauty.

The church edifice, renowned for its architectural beauty and finish, both within and without, as well as the lovely furnishing, was easily made to loom up a bower of beauty and without a suggestion of "gilding gold or refining the lily" in no sense overdone, so pronounced by persons competent to pass judgment, which is saying much, for it is a church famed for its beautiful garniture on wedding occasions. In the foreground of the beautiful altar, with its pure white covering, were wreathed garlands of evergreen, autumn leaves and golden red. Underneath was a circular arrangement of rare potted plants and cut flowers. In the background was a heavy and luxuriant hanking of such tropical plants as any conservatory custodian might envy.

The marriage of this popular young lady, whose whole life has been passed in our midst, could not be otherwise than an occasion of surpassing interest, and this is why loving hearts and loving hands busied themselves so intently and continuously for days before the appointed time in devising ways and means for carrying out the beautiful and appropriate designs apparent to every beholder.

Too much cannot be said of the gallant and handsome ushers,—Messrs. Burgess Taylor, George Longnecker, W. Lawwill of Danville, and Hugh Yancey. They understood their lines, and with true, unembarrassed elegance seated this vast assemblage.

At precisely 8 o'clock the entrancing strains of the wedding march, skillfully and beautifully rendered by Mrs. Cord, a well known musician of these parts, fell upon the ear, the signal for the entree of the bridal party. Voice were hushed, and in a moment of time came stepping in exact cadence to the sweet tones of wedding march two beautiful and exquisitely costumed little children, Hugh Warder and Elizabeth Roff, nephew and niece of the bride. The pose and attitude assumed by each was faultless and could not have failed in pleasing the most fastidious sculptor. Next came the ushers, who separated in twos at the altar. They appeared in lithe and graceful form, with inimitable composure, the bridesmaid, Miss Mamie Yancey, gowned beautifully in white organdie and lace. She was the picture of sweetness, grace and maidenly modesty, which charms were set off by the lovely pink roses she carried in her hand. Last and immediately preceding the bride was her maid of honor, Miss Mary Finch. Her dress was a lovely creation of white French organdie and lace. Extremely pretty she looked, as with easy grace she carried her bouquet of pink roses, the short tulle veil, the insignia of her rank upon this occasion, setting off with fine effect her rarely spirituelle type.

The bride, leaning upon the arm of her father, Mr. Hugh Warder, now ap-

peared. A murmur of admiration was plainly audible. Her rare charm of presence, together with her cultured mind and beautiful character, has always rendered her an object of interest, but never so completely was every eye upon her, one of admiration, as just at this moment, gowned in lovely white silk, with a veil of tulle enveloping her graceful person and setting off her wealth of golden hair and lustrous dark eyes. They were met at the altar by the groom and his best man, Mr. McCaine, of Rock Island.

The artistic arrangement of greenery made a lovely setting for the entire party as in graceful pose they listened to the incomparable, beautiful and impressive Episcopal ceremony, Rev. G. P. Tauhman, the eloquent pastor of the church, officiating. The handsome pair stood right under the auspicious horse-shoe, composed of chrysanthemums and dahlias. Two pedestals, twined in evergreen and autumn leaves, and upon which were placed vases of fern and ivy, stood on either side of a lovely cushion covered in white satin, where the couple knelt to receive the final benediction. "The twain were made one," and as the organ again burst forth with true Mendelssohn melody, the procession formed in line and by the two little children were led from the church.

The ceremony was followed by an informal reception at the home of the bride. Delicious refreshments were served, those present being a limited number of relatives and very intimate friends. The presents were very beautiful, numerous and costly—another testimonial to the high esteem in which the parties are held.

Mr. and Mrs. Egan go at once to their home in Rock Island. They are followed by the heartiest good wishes and but one regret, i. e., Mason County will not be their future home.

Among those who attended the wedding from a distance were: Mr. and Mrs. Lloyd, of Chicago; Mrs. Turner, of North Vernon, O.; Miss Starr, Canton, Mo.; Miss Walker, Cincinnati; Mrs. E. F. Clay, Lexington; Miss Lizzie Larue, Shawhan; Mrs. W. Peed, Sharpsburg, and a number from Maysville and Washington.

Industry!

Maysville, Ky., October 27th, 1899.
I wish to announce to the public and citizens of Maysville, that I O. D. Barrass, on the 23d of this month, bought out the "Power Laundry" of Mr. B. P. Ort of this city. I also hope I may enjoy the trade of my predecessors, as I have had fourteen years experience in the Laundry business, which insures to the patrons superior work with the least injury to the fabric. To all I say do not forget home industry, as it is patriotic in principle. Yours very respectfully,
O. D. BARRASS.

Logical Solutions.

We are frequently asked by our friends why it is that we are always busy, and on many days recently unable to wait on all our customers in anything like reasonable time. We can only answer to all inquiries, viz:

We positively let nothing go out of our house that we are not dead sure will fit and wear satisfactory.

As the large majority of our patrons leave the selection of their wants altogether to us, it puts the responsibility entirely upon our shoulders, therefore laying aside altogether the question of honesty, good business policy prompts us to do the right thing by them. Ninety-nine out of a hundred readers of this know our statement is true.

That our efforts to secure the proper stuff for this fall's trade are appreciated, hundreds of splendidly-dressed men and boys of Maysville, Mason and adjoining counties attest to.

Our patrons tell us that nowhere do they find

Clothing, Men's Furnishings and Shoes

like they find in our house.

"Faust" at Opera House To-night.

Like the national bird with which age deals so lightly, Lewis Morrison's "Faust," with the paradoxical distinction of being old, yet ever new, will appear at the opera house to-night, imbued with fresh vigor and animated by a rejuvenated atmosphere that envelopes the entire production. An absolutely new scenic investiture with amazing electrical effects, together with an exceptionally talented company are adjuncts rarely united and testify to the merit of this presentation, combining all the elements of artistic refinement, coupled with a spectacular elaboration of a world renowned classic. Tickets at Nelson's.

PITHY POLITICAL POINTS.

Selfishness is the corner-stone of all meanness.

Selfishness is the most despicable of all human traits.

Selfishness is the foundation of all trusts, combinations and villanies.

Selfishness is the very bottom of all double-dealing, deceit and hypocrisy.

Selfishness makes men who have fattened off their party desert it in its extremity.

Selfishness is the littiest, meanest and narrowest of all the traits of poor human nature.

Selfishness makes bolters, deserters, time-servers, hypocrites, double-dealers and sycophants.

Selfishness puts self above every other consideration, and makes a man sordid, narrow, little and mean.

Selfishness is the meanness that makes a man bit his party when he or some of his friends fail to get a nomination at its hands.

What will holding Democrats be profited should the people of Kentucky be so unfortunate as to suffer a continuation of Republican misrule?

Mr. Brown's chief talk it seems is against the Louisville convention. Now, it would have been all right with him had he received the nomination, as has been plainly demonstrated by his taking one at a second hand.

As pension day comes on it will be well enough for some who spend the government's bounty at saloons and places of such character, to have a care in the matter, as the government is determined to eliminate all such from its rolls, it is said.

People in glass houses can't be too cautious about the matter of stone-throwing. A gentleman of the bolting persuasion, whose brother had been so unfortunate as to be a man-slayer, was abusing Mr. Goebel recently for having defended himself so far as to take the life of his assailant, when the question was put squarely to him if his brother hadn't defended himself in the same way when attacked, and the controversy came to an end right there.

Not Correct.
Philadelphia, Oct. 30.—The cablegram from Berlin stating that "official" advices to Germany regarding the international Commercial congress in Philadelphia report that the sessions of the managing committee have shown that the United States consuls exact illegally high fees," is pronounced incorrect by W. S. Tingle, assistant director of the Philadelphia Commercial museums.

To Convert Paper Money.

Buenos Ayres, Oct. 30.—The chamber of deputies has passed a bill fixing the conversion of paper money at the rate of 44 centavos gold per dollar as soon as there is sufficient specie on hand to permit of such conversion.

Big Batch of Immigrants.

New York, Oct. 30.—Sunday was a very busy day at the barge office, more than 3,000 immigrants passing before the inspectors. Over 16,000 immigrants are expected here during the present week.

Death of a Planter.

Macon, Ga., Oct. 30.—J. L. Robertson, a prominent planter of Twiggs county, died this morning from the effects of wounds inflicted by John Goosaby who was lynched by a mob near here for the assault.

British Returned.

Pictorialburg, Oct. 30.—It is officially announced that the British troops, who left Ladysmith on Friday to meet the enemy, returned after a slight brush, the Boers retiring on Elandslaagte.

Two Miners Killed.

Cripple Creek, Col., Oct. 30.—William Van Why and John Lambert, miners, were killed in the Joe Dandy mine. As they were being hoisted the cable broke, dropping them to the bottom of the shaft.

Racine Wheelmen Withdraw.

Racine, Wis., Oct. 30.—The Racine Athletic association has decided to withdraw from membership in the League of American Wheelmen and will join the National Cycling association.

MUDDY GRIDIRONS.

Results of the Football Contests at Various Points.

Cambridge, Mass., Oct. 30.—With the prestige of a victory over Pennsylvania and a reputation for playing hard football, the Carlisle Indians met the Harvard team on Soldiers' Field wet by a night's rain. Harvard won by a score of 22 to 10.

Cattle Disappear.

Wichita, Kan., Oct. 30.—Evans, Buel and Snyder of St. Louis have asked that George O. Landers, a cattle king of Harper county, be declared a bankrupt. Their claim is \$103,000. They assert that Landers fraudulently preferred the First National bank of Kansas City and made that the basis of his bankruptcy. Of 4,500 cattle mortgaged but 2,000 have been found. Landers claims the balance died last spring.

The Weather.

For Ohio, West Virginia and Indiana—Fair and warmer; variable winds.

Oldest Printing Press.

Reposing in the Pennsylvania Historical Society's building, is the old Ephrata press. It is identical in build with the common press described by Moxon in 1683, such as were used by the first printers of Philadelphia, as well as their English contemporaries of the early portion of the eighteenth century. The earliest record of the press is its purchase about the year 1745, by the Seventh Day Baptist of Ephrata. Upon it was printed an edition of the German "Book of Martyrs," together with other works of similar character. During the Revolution, the Declaration of Independence issued from this press in five different languages. When Continental Congress met at Lancaster the currency of the new republic was printed upon the machine. Later the Ephrata press became the property of Joseph Baumann, and afterwards of the senior Heitler, who used it for many years. In October, 1874, the press was loaned to exhibitors at the Franklin Institute centennial exhibition, where it was operated in contrast with modern steam presses, by a veteran printer dressed to a close resemblance of Benjamin Franklin. This was the last time the old press was used.—Inland Printer.
